Government of Canada proposes new regulations to support

The Government of Canada is taking necessary steps to help Canadians who use reproductive technologies to do so safely, and with peace of mind. New proposed regulations will help protect the health and safety of women and children across Canada. They will also offer couples dealing with infertility, single people, same-sex couples and other members of the LGBTQ2 community flexibility in

Reproductive technology Wikipedia

In the 20th century, Aldous Huxley's Brave New World (1932) was the first major fictional work to anticipate the possible social consequences of reproductive technology. Its largely negative view was reversed when the author revisited the same themes in his utopian final novel, Island (1962).
