Race and Ethnicity in Sociology - ThoughtCo

The sociology of race and ethnicity is a large and vibrant subfield within sociology in which researchers and theorists focus on the ways that social, political, and economic relations interact with race and ethnicity in a given society, region, or community. Topics and methods in this subfield are

Addressing Race in Social Work MSW Careers

Addressing Race in Social Work Social workers have an essential duty toward clients to ensure services are delivered free of racial bias. This means combating issues of prejudice wherever they find them be it within agencies, institutions or even themselves.

Race and society - Wikipedia

Race and society. Jump to navigation Jump to search. This article has multiple issues. Social interpretations of race regard the common categorizations of people into different races, often with biologist tagging of particular "racial" attributes beyond mere anatomy, as more socially and culturally determined than based upon biology. Some interpretations are often deconstructionist and
