This volume presents in-depth insights into the polity, politics and policies of the Brazilian political system. It reassesses the processes of change since the country's return to democracy in the 1980s, in the light of autocratic societal structures and suboptimal institutional design, on the one hand, and the political and economic

The Five Most Common Political Systems Around the World

The Five Most Common Political Systems Around the World 24 Aug, 2011 | Written by admin | under Government , Politics When we speak of political systems, it's difficult to determine what the most common types are. **Political system - Wikipedia**

A political system is a system of politics and government. It is usually compared to the legal system, economic system, cultural system, and other social systems. However, this is a very simplified view of a much more complex system of categories involving the questions of who should have authority and what the government's influence on its people and economy should be.

Anthropological forms
