10 Mind Blowing Theories About The Universe and Reality

The universe has a fixed amount of energy in it, and as this energy runs out so the theory goes the universe slows down. In other words, there is a slow loss of heat, because heat is produced by the movement of energy particles. There is also a slowdown in movement, and supposedly, everything would eventually come to a halt. Which brings to mind the lines by T. S. Eliot: This is the way
